Here's what Superfund is submitting for Eastern Sandusky and Whirlpool Park in Clyde, OH.

I had a chance to review the draft earlier today.

Megan,

Attached is the hot issue request for Eastern Sandusky –

I spoke with John Peterson as it was unclear from the number of e-mails I received if he wanted Whirlpool Park separated out from the other work and he told me to keep it together.

I just took what was submitted in April and modified the tense of some activities. In the “messages” section I changed a few things – please make sure it does not conflict with the direction that was given for the website –
